Pandemic Supplement (2/17 Version)

This is a list of changes necessary to accommodate the pandemic. As the situation evolves, we must all be flexible to succeed. I reserve the right to change the schedule, grading policies, mode of instruction, etc., as conditions change.

In-Person Protocols

Per University policy, you must wear a mask to class. On the first day, you will pick your seat for the entire semester, so that we have a seating chart for contact tracing. If the University declares a snow day or shuts down the lecture hall for cleaning, we will have class on Zoom.

Regularly scheduled office hours will be held in Purnell 326. Appointments made for different times may be held in person or on Zoom.

If the University switches to all-online instruction, you will receive further instructions.

Illness Protocols

Do NOT come to class if you feel sick. Let me know, and follow guidance from Student Health Services. If you just have a cold, get the notes from someone. If you are placed in quarantine, let me know and I will simulcast the class in Zoom. At that point I may start taking attendance; ONLY those in quarantine are excused from attending in person.

Technology Issues

You should have already received an e-mail with a link to a survey about your access to technology. If you did not receive it, let me know.

Any handouts for class will be distributed via the course Web site. You will be notified so that you can print them out and bring them to class if you wish.
