

Setting Up Your Electronic Journal

1. Open your web browser and go to www.blogger.com
2. Click the large orange arrow that says "Create your blog now."
Follow the instructions to set up your blog. Make sure that you write down your username, password, and address for your blog.
3. The default settings for your blog are automatically correct. Do not change these settings or I might not be able to access your blog.
4. Once you have set up your blog, email me the web address. Your email should follow the following format:
Subject: Math 268 - YOUR LAST NAME
Body: URL of your blog
5. Make your first post to your blog. In this post, you should address the following questions:
What are your name, year, and major?
What math classes have you taken?
What was your favorite math class and why?
What do you hope to get from this class?
What was your least favorite math class and why?
6. Make sure you set up your blog, email me the appropriate information, and make your first post by 11:59 PM on 2/14.
