

**MATHEMATICAL SCIENCES DEPARTMENT**

- Tuesday, November 10, 2009* *11:00* *Ewing 336*  
**Department Faculty Meeting**
- Tuesday, November 10, 2009* *2:00* *Ewing 336*  
**Applied Math Seminar**  
*Speakers: Katie Gurski, Howard University*  
*Title: An explicit numerical scheme for fluid problems with a dominant skew-symmetric component*
- Wednesday, November 11, 2009* *12:15* *Ewing 336*  
**Graduate Seminar**  
*Speaker: William Simpson, University of Delaware*  
*Title: TBA.*
- Wednesday, November 11, 2009* *5:00* *Purnell 231*  
**Topology Seminar**  
*Speaker: John Anderson, University of Delaware*  
*Title: Hagogian's Characterization of Solenoids, continued.*
- Thursday, November 12, 2009* *2:00* *Ewing 336*  
**Scattering Theory Seminar**  
*Speaker: Professor Bojan Guzina, Department of Civil Engineering*  
*University of Minnesota*  
*Title: Sampling methods for defect reconstruction by mechanical waves*
- Friday, November 13, 2009* *2:30* *Ewing 336*  
**Probability Seminar**  
*Speaker: Lisa Marano, West Chester University of Pennsylvania*  
*Title: TBA*
- Friday, November 13, 2009* *4:00* *Ewing 336*  
**Discrete Mathematics Seminar**  
*Speaker: Wai Kiu Chan, Wesleyan University*  
*Title: Sums of Triangular Numbers*
